

# Three UFO Lights Reported From Two States

By Roger Marsh, [www.ufotrafficreport.com](http://www.ufotrafficreport.com)

Witnesses in Kansas and Missouri seem to be describing the same object - or objects - when three lights were reported in both cases that occurred on December 21, 2010, according to testimony from the Mutual UFO Network (MUFON) witness reporting database.

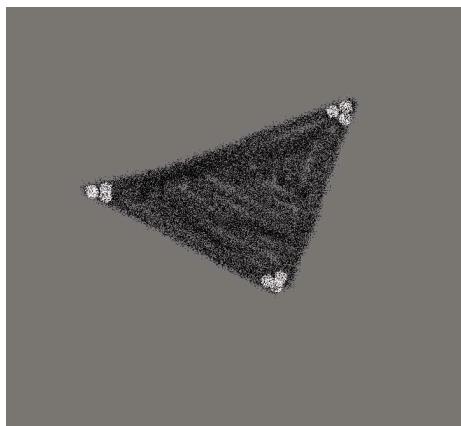

An Overland Park, Kansas, witness is curious about three lights seen while driving east on I-435 at Highway 69 on December 21, 2010, in MUFON Case # 27078.

"Two of them were together, then after 15 seconds or so, the other joined the two and they all continued flying east out of our sight," the witness stated. "Probably had sight of them for a total of 2-3 minutes. Couldn't hear them, but they all had 1 or 2 blinking lights on them and couldn't make out shapes. The only reason I write this is because I don't see three aircraft like that flying together over the city together like that."

A Kansas City, Missouri, witness was driving along Red Bridge Road at 7 p.m. on December 21, and reports "three bright lights" in MUFON Case # 27077.

"Object looked quite big," the witness stated. "As it flew closer,

It looked like a triangle, that's what I thought. I actually pulled off the road, got out of my car

*The Kansas City witness said the craft was "fuzzy without defined lines."*

and watched this thing fly, literally, over my head slowly and very low, maybe several hundred feet up, over the road. It made a noise like a flying craft of some sort."

The object seemed to be triangle in shape and dark grey.

"There were three lights on each point, so to me it really seemed triangular. It was really strange, it was completely grayed out, meaning that you couldn't see any real shape. Last night was cloudy, but not black. This thing was just a little darker shade grey that barely could be made out."

Both reports were filed with MUFON on December 23, 2010. No video or No images were included with either report.

*Please keep in mind that most UFO reports can be explained as something natural or manmade. If Missouri or Kansas MUFON investigates and reports back on these cases, I will release an update. Please report UFO activity to [MUFON.com](http://MUFON.com).*

*From the editor:* Stan Seba from Kansas, and Margie Kay from Missouri are continuing to work on this case and will report any new findings on the Missouri Mufon Chat List. The locations of each sighting are within several miles of each other.

Stan is currently checking for other sighting reports from other states on the same night that are similar to this one. The investigators think it is possible that three separate craft merged into one.

## Missouri MUFON St. Louis Area News

By Debbie Ziegelmeyer, State Director

On December 15<sup>th</sup> St. Louis MUFON celebrated Christmas at our monthly meeting at Culpepper's with an exchange of fun UFO/Paranormal related gifts. We also had several attendees bring Christmas cookies and treats for us to enjoy.

I gave a Power Point Presentation outlining the reported sightings in Missouri in 2010 followed by some pictures I took of the Coral Castle in Homestead, Florida on my visit in August. Our meeting was cut short by an ice storm and the need to get on the road.

**Missouri MUFON CMS**  
(Case Management System) reported sightings in the year 2010 were as follows:

Total sightings to date:	141
Unknown:	88
IFO:	23
HOAX:	30
Disc/Sphere/circle/fireball:	65
Triangle:	27
Star Like:	24
Cylinder:	9
Cigar:	6
Rectangle:	4
Tear Drop:	2
Other:	4

2011 brings some new issues involving MUFON and our local meetings. Margie Kay, Jim Johnson, and Richard Hayde in Kansas City, and Bruce Widamen and I in St. Louis have done our best to bring our attendees quality informative meetings for several years. Some of our meetings feature guest speakers, some video presentations, and others include Power

Point Presentations by Margie Kay or me. Richard, Margie, Bruce and I have assumed the cost for all of this with never a complaint. Guest speakers are paid at the very least their meal, but those who travel are given hotel and gas money as well. The video's we show cost us \$20.00-\$25.00 and the Power Point Presentations take several hours of our time to prepare.

In 2010 MUFON International began assessing each state dues by total membership. Missouri owed \$250.00 which Margie and I paid. Missouri MUFON also has a \$12.00 per month bank account fee and yearly web-site domain fees, which .

Kansas City MUFON has accepted donations for years to help defer their costs. In the St. Louis area we are lucky enough to get our meeting room for the price of buying a meal, but I do tip our waitress an additional \$20.00 each month to assure our good status with Culpepper's.

Many states charge an admission fee for meetings with a discount going to MUFON members and I have been advised to do so as well. Times are tough for all of us right now so in the St. Louis area I WILL NOT charge admission to our meetings. However, I will begin to ask for voluntary donations of \$1.00 per meeting per person from only those of you who can afford it.

Donations collected will go to MUFON for the yearly dues first, and any extra donations collected

the St. Louis and Kansas City area groups will be used for bank fees, web-site domain fees and other expenses with a full financial report of expenses given at the last meeting each year at both the St. Louis and Kansas City meetings. I will also be happy to show any UFO related videos of speaker presentations that you have purchased and believe will be of interest to our group. This will help keep my costs down.

Our first St. Louis area meeting in 2011 will be held on the 3<sup>rd</sup> Wednesday of the month as usual falling on Jan. 19<sup>th</sup> at Culpepper's Restaurant located at Hwy 270 and

Olive Blvd. We meet from 6:30pm-9:00pm with this month's topic being a video of a presentation by Karyn Dolan entitled "UFOs and Media Desensitization of Children".

Karyn Dolan is the wife of Richard Dolan and has her own weekly radio show. She is also the mother of two teenagers which she home schools, an author and teacher. You'll be surprised at how the children in this country have been influenced and desensitized to UFO sightings for generations. You don't want to miss this.

Hope to see you there,  
Debbie Ziegelmeyer

## Missouri MUFON Chat List and Photo Archive

The Missouri MUFON Yahoo Chat List is open to anyone interested in Missouri MUFON events, sightings, and discussions. You do not need to be a member of MUFON to join the list—we actually have members from all over the United States and Europe.

Members of the chat list may post photos, drawings, articles, files, and share event information on the calendar.

To join, just go to [www.tech.groups.yahoo.com/group/momufon](http://www.tech.groups.yahoo.com/group/momufon) and request to join. Be sure to tell me who you are so I'll know you are a live person and not a computer!

## REMEMBER...

**All Missouri MUFON members are welcome to attend all monthly meetings held in St. Louis and Kansas City!**

## UFO Traffic Report Radio Show

If you want to keep up on the latest and most interesting UFO sightings listen to the live ***UFO Traffic Report*** Wednesdays at 8 p.m. CST at [ufotrafficreport.com](http://ufotrafficreport.com).

Roger Marsh, Director of Communications for the Mutual UFO Network and Pennsylvania MUFON, and Michael Rambacher, paranormal investigator and film producer, co-host the show. Ja-

mie Havican is the producer.

UFO witnesses and investigators are presented, then guests who discuss paranormal and UFO phenomena speak during the second half of the show. Listeners can join the live chat on the website if they wish to interact with the hosts and others during the program.

The shows are archived and are

available for listening through the website any-time if you miss a live broadcast.

*Note: Megan Monroe was on the show on December the 8th along with Rich and Lori Carter from Butler, Missouri, who are the couple that Margie Kay has been working with.*

## Book Review: The Art of Close Encounters

by Richard Hayde,  
Section Director, Kansas City  
MUFON

Yesterday, December 27, 2010, I received my copy of ***The Art of Close Encounters*** by Kim Carlsberg. I had originally ordered this book in early November. After two printing delays, I finally received it. Was I disappointed? Not in the least.

Kim Carlsberg is an accomplished photographer and artist who has worked in the entertainment and music industry. Her fine-art images have been used in books, magazines, television, print ads, major motion pictures, as well as being featured in solo gallery exhibitions in Los Angeles, CA, Santa Fe, NM and Aspen, CO. She is also an extraterrestrial experiencer and contactee. She has both the life experiences and graphic skills to put together a fine volume such as this.

George Noory (Coast to Coast) has stated "The sheer volume of

stories, the authenticity and range of the encounters, and the beauty and diversity of the art makes this new book the closest we will have to a reference guide to this extraordinary phenomenon. A remarkable achievement."

Leo Sprinkle, PhD (Contact researcher, University of Wyoming) remarks regarding ***The Art of Close Encounters*** "Visually stunning, intellectually compelling and spiritually illuminating."

Stephen Bassett (Executive Dir. Paradigm Research Group) reviews "Who will speak for those who cannot yet speak for themselves? In this one of a kind book, Kim Carlsberg has reached out to bridge the silence with art, letting the universal language bring together those caught between two worlds."

I have shown this book to some friends and family members who are not as interested in the UFO phenomenon as I am. Generally, they quickly became fascinated with the artwork and asked ques-

tions regarding ET as their interest peaked. The multicolored graphic layout, heavyweight paper and secure binding indicate that this was an expensive book to print. I ordered it from Close Encounters Publishing. The book is \$34.95. With shipping and sales tax the total was \$42.29.

***The Art of Close Encounters*** is currently available through the following web sites:

I'll bring my copy to our next Kansas City MUFON meeting on January 10, 2011. I want to share it with some of my fellow MUFON members but, please, no greasy fingers.
